Dear Colleagues,

We cordially invite you to the Ganga Operative Spine Course at Coimbatore, India from May 7-11, 2015. We are privileged and honoured to have this course in association with Scoliosis Research Society and to have nine of their eminent members as faculty. As in our previous courses, the emphasis will be on understanding spinal disorders, evaluating the patient, planning the surgery, practical tips to enhance results and avoid complications - without any focus on any particular implant or instrumentation.

The course will have three lecture sessions on patient evaluation, technique and tips and avoiding complications. Approximately, 25 major spine surgeries will be demonstrated live by the leaders in the field. The surgeries will cover the entire spectrum of the spinal surgeries in additional to all deformity surgeries. Five operating theatres, three lecture halls and state-of-the-art audio visual transmission facilities will be available to provide the best educational experience. Adequate time will be allotted for interaction with the faculty members to discuss and clear the participant’s doubts etc.

Coimbatore is a booming city of India and has ample opportunities for pre and post congress tours. We welcome you and your family to have rich and memorable academic and social experience.

WITH EMINENT NATIONAL FACULTY
The Ganga Operative Spine Course is held once in two years and is globally popular for its specific focus on live demonstration of spine surgeries, ranging from the simple to the most complex. Experts in the field share their wealth of experience and practical skills with the delegates, taking them through the various steps of surgery in detail. The Course thus offers the unique possibility for the delegates to not only witness the surgical procedures live but also to interact with the expert and clarify their doubts.

The 6th Ganga Operative Spine Course from May 7-10, 2015 is unique in that we are joining hands with the Scoliosis Research Society with many of their eminent members participating. They will be joined by many eminent faculty from the Association of Spine Surgeons of India.

Course highlights:
